

## Monroe County Community College Township Tours

Monroe County Community College will host a series of informational meetings to discuss the college's five-year maintenance and improvement millage request, recruit campaign volunteers, and host a "Meet the Candidates Forum" for each township.

The "Township Tour" will include visits across the county throughout July to answer questions from residents about MCCC's proposal for voters to approve an additional property tax levy in November to fund maintenance and renovation projects at the college. MCCC is seeking volunteers from each township to help spread information about the millage within their own communities.

MCCC would also like to invite area candidates running for election in August or November to introduce themselves to community members.

The session begins at **6 p.m.:**

- **July 20 — Dundee Township Hall, 179 Main St., Dundee**
  - Dundee Twp, Village of Dundee, City of Petersburg, Summerfield Twp
